**GOVERNING PUBLICATIONS****ITEM 100**

This tariff is governed, except as otherwise provided herein, by the following described tariffs and by revisions and/or supplements thereto or successive issues thereof:

CLASSIFICATION:

- (1) National Motor Freight Classification STB NMF 100 Series National Motor Freight Traffic Association, Inc., Agent, STB NMF 100 Series
- (2) The classes, rules and regulations, estimated and minimum truckload or volume weights, shipping and packing requirements, allowances and privileges, or other provision or conditions published in this tariff abrogate and supersede those in the NMF 100 Series which conflict herewith.
- (3) When the rates or classes published in this tariff are silent as to rules, regulations, estimated weights, shipping and packing requirements, allowances and privileges or other provisions or conditions, the rates or classes shall be subject to terms, including estimated weights, shipping and packing requirements, and other provisions and conditions prescribed therefore in connection with the classes in the NMF 100 Series.
- (4) Descriptive headings or individual listings published in this tariff corresponding to the descriptive headings or individual listings used in NMF 100 series will be understood to include all notes or other qualifying statements which appear in connection with such corresponding descriptive headings or listings in NMF 100 series. Where notes or other qualifying statements in NMF 100 series refer only to “classes,” such reference will also be taken to refer to “rates” in this tariff.
- (5) The ratings or classes in connection with truckload (TL) do not apply.

ZIP CODE DIRECTORY:

US Postal Service Zip Code Directory issued by The United States Postal Service.

DEFINITIONS**ITEM 110**

Unless otherwise provided in carrier’s specific tariffs, a “**Shipment**” consists of a quantity of freight tendered to a carrier by one consignor (shipper) at one place at one time for delivery to one consignee at one place on one bill of lading.

- (1) A “**Prepaid Shipment**” is one for which the charges for transportation services rendered at the request of the consignor, including charges for any accessorial services performed at the request of the consignor, are to be paid by the consignor. Notwithstanding the consignor’s primary payment responsibility, both consignor and consignee are liable for payment of the carrier’s freight charges due to the fact that both the consignor and consignee receive the benefit of the carrier’s services. Thus, if the consignor does not pay the charges within carrier’s payment terms for any reason, including insolvency, the charges may be reversed to the consignee and become the consignee’s responsibility for payment.
- (2) A “**Collect Shipment**” is one for which the charges for transportation services, including accessorial services including accessorial services rendered at request of consignor or consignee, are to be paid for by the consignee. Notwithstanding the consignee’s primary payment responsibility, both consignor and consignee are liable for payment of the carrier’s freight charges due to the fact that both the consignor and consignee receive the benefit of the carrier’s services. Thus, if the consignee does not pay the charges within carrier’s payment terms for any reason, including insolvency, the charges may be reversed to the consignor and become the consignor’s

responsibility for payment.

- (3) A **"Third Party Billed Shipment"** is one for which the charges for transportation services, including accessorial charges rendered at the request of the consignor or consignee are to be paid for by a third party. Third parties are often firms such as logistics companies (3PL's), brokers or other intermediaries who provide services for/to consignors and/or consignees, but who have no contractual relationship with a carrier. Notwithstanding a third party's primary payment responsibility, both consignor and consignee remain liable for payment of the carrier's freight charges due to the fact that all parties receive the benefit of the carrier's services. Thus, if the third party does not pay the charges within carrier's payment terms for any reason, including insolvency, the charges may be reversed to the consignor or consignee or both in succession if either fails to pay. It is a recognized risk to consignors and consignees dealing with third parties that, should the third party fail to pay a valid freight bill, the consignors and consignees remain liable for payment to the carrier. This is the case even if the consignor or consignee has already forwarded payment to the third party and third party fails to pay carrier.

- (4) **"Holiday"** or **"Legal Holiday"** as used herein shall be:

New Year's Day (January 1)	Thanksgiving Day
Memorial Day	Day after Thanksgiving
Independence Day (July 4)	Christmas Eve
Labor Day	Christmas Day

Any other day observed as a holiday by the carrier at the point where service is performed. When the holiday falls on a Sunday, the following Monday will be observed as the holiday.

- (5) **"Business Day"** or **"Business Hours"** means that time during which the carrier generally conducts operations where the service is performed. These terms do not include Sundays or Holidays.
- (6) **"Interstate Traffic"** means traffic between any place in a state and any place in another state, or between places in the same state through another state, whether such traffic moves wholly by motor vehicle or partly by motor vehicle and partly by rail, express or water
- (7) **"Intrastate Traffic"** means traffic, moving from point of origin in one state to another point in the same state that does not move outside the state while in transit.

DISCLAIMER REGARDING UNWRITTEN CONTRACTS

ITEM 155

The rates and provisions named in this tariff and tariffs making reference to this tariff shall be applicable to all shipments and may not be negated or superseded by any claimed contract that is written or unwritten, promise, representation or indicated understanding between the parties unless such is in writing and signed by an authorized management representative of CELF. Sales representatives are not authorized to amend or supersede this tariff without approval of an authorized management representative.

Rates, rules and regulations negotiated with CELF which are not contained in any applicable tariff, pricing confirmation page or written contract will become effective only upon the effective date of such tariff, pricing confirmation page or written contract between CELF and its customer, once such document is created. Retroactive publication of provisions shall not be made to reflect any claimed unwritten contract or agreement.

Note: This item has no application in connection with CELESTIAL FREIGHT LTL's assessment of charges for providing additional services in the normal course of business. For example, if CELESTIAL FREIGHT LTL performs a residential delivery service, then it has the right to bill and will bill the normal, published accessorial charge for providing the service.

CELESTIAL FREIGHT LTL is entitled to receive compensation for providing special services requested or required by consignor or consignee and will bill its published charges for such services whether or not shipper or consignee has authorized such charges in writing. Written authorizations for such charges are not required.

APPLICATION OF EXCEPTION CLASSES

ITEM 160

Exceptions to the class ratings of the NMF 100 as shown in tariffs making reference to this tariff, will remove the application of the classes of the NMF 100, but the exception class rating will apply only from, to or between the points specifically provided by each such item or page upon which the exception appears. The exception to the class rating alters the rating only and will in no way remove or change the packing requirements, released values (except as provided in Item 190 herein) or other restrictions applicable for the article(s) excepted.

DENSITY - APPLICATION OF EXCEPTION CLASSES

ITEM 170

Shipper must show on bills of lading and shipping orders at time of shipment the actual density or density group as provided for in the provisions referencing this Item. If the actual density or density group is not shown and shipment is inadvertently accepted, charges will initially be assessed on the basis of the class applicable to the lowest density provided. Upon submission of satisfactory proof of a higher actual density, freight charges will be adjusted to the basis of the class applicable to such density.

BUMPING CLAUSE EXCLUSION

ITEM 171

“Bumping” is the declaration on the original Bill of Lading of an artificially higher weight for the purpose of causing a higher density that allows the article of piece being bumped to qualify for a lower freight classification rating.

Celestial Freight does **not** recognize any provisions under the NMFC Item 171 **“Bumping Clause”** and does **not** allow any customers to bump the weight of their articles in order to qualify for a lower freight classification rating.

APPLICATION OF RATES FROM OR TO UNNAMED POINTS

ITEM 175

Shipments will not be accepted with the destination point shown as a Post Office Box (P.O. Box) on the bill of lading. The destination must be shown as a physical location to which the shipment can be delivered in normal truck service.

When a shipment originates at a location in an unincorporated area or is destined to a location in an unincorporated area, rates from or to such points will be determined as follows:

- (1) When the origin location is on a highway, street, or road between two named points, apply the higher of the rates from such named points.
- (2) When the destination location is on a highway, street, or road between two named points, apply the higher of the rates to such named points.
- (3) In each case above, the named points must be the two nearest named points for which rates are provided.

**LIMITATION OF CARRIER'S LIABILITY****ITEM 190**

Except as otherwise provided herein, carrier's maximum liability for goods lost or damaged in transit shall be limited to the actual value of the goods, not to exceed the maximum value per pound as outlined herein. In no case shall CELESTIAL FREIGHT LTL's liability for loss or damage to articles be greater than the amounts referenced below. The maximum liability shall never exceed

\$100,000 per occurrence. If the shipper does not have a tariff with Celestial Freight, carrier's liability for loss or damage is limited to **\$1.00** per pound or maximum **\$10,000** per shipment.

- (1) If the shipper does not properly describe the freight on the bill of lading or uses a description of "FAK" or "Freight All Kinds" or other language that does not properly identify the commodities shipped, subsequent claims for shortage or damage will be based on the lowest value of any commodity contained in the shipment.

**LIABILITY ON REFURBISHED OR USED ARTICLES****ITEM 196**

Shipments of any used or refurbished articles will be accepted by CELESTIAL FREIGHT LTL only when the entire shipment is released to a value not exceeding **\$0.10** per pound per article. If the shipper fails or declines to execute the released valuation statement or designates a value exceeding **\$0.10** per pound per article, the shipment will not be accepted. If the shipment is inadvertently accepted by CELESTIAL FREIGHT LTL, the released valuation shall be **\$0.10** per pound per article and the shipment shall move from origin to destination at that released value.

APPLICATION OF RATES ON VOLUME SHIPMENTS**ITEM 210****ELIGIBLE SHIPMENTS:**

- (2) Two or more shipments tendered on the same day from the same shipper consigned to the same consignee at the same address will be considered a single shipment for the application of this rule.

RATES AND MINIMUM CHARGE: 50% discount applied unless special pricing has been approved in advance and quote # provided in writing.

PACKAGING - (FOR THE PURPOSE OF DETERMINING THE CUBIC FEET):

Any unit which is packaged in such a way so that other freight cannot be stowed on top of it in the carrier's vehicle will be considered as being not less than 96 inches in height, if the actual height is less. This includes units which due to their irregular shape on top (i.e., machines, etc.); packaged units such as pallets, skids or cartons banded or shrink- wrapped into a single unit which are 'pyramided' or 'rounded' on top; and packaged units which are marked with instructions that no freight is to be loaded on top; or any other circumstances, all of which prohibit the stowing of additional freight on top of the handling unit.

CA ORIGIN SURCHARGE**ITEM 250**

At its discretion, CL LTL may apply a CA origin surcharge to shipments originating in California to help offset increased operational costs. This fee will be in addition to all other standard rates and fee

UNIFORM BILL OF LADING TERMS AND CONDITIONS

Sec. 1. (a) The carrier or the party in possession of any of the property described in this bill of lading shall be liable as at common law for any loss thereof or damage thereto, except as hereinafter provided.

(b) No carrier shall be liable for any loss or damage to a shipment or for any delay caused by an Act of God, the public enemy, the authority of law, or the act or default of shipper. Except in the case of negligence of negligence of the carrier or party in possession, the carrier or party in possession shall not be liable for loss, damage or delay which results; when the property is stopped and held in transit upon request of the shipper, owner or party entitled to make such request; or from faulty or impassible highway, or by lack of capacity of a highway bridge or ferry, or from a defect or vice in the property, or from riots or strikes. The burden to prove freedom from negligence is on the carrier or the party in possession.

Sec. 2. Unless arranged or agreed upon, in writing, prior to shipment, carrier is not bound to transport a shipment by a particular schedule or in time for a particular market, but is responsible to transport with reasonable dispatch. In case of physical necessity, carrier may forward a shipment via another carrier.

Sec. 3 (a) As a condition precedent to recovery, claims must be filed in writing with any participating carrier having sufficient information to identify the shipment.

(b) Claims for loss or damage must be filed within nine months after the delivery of the property (or, in the case of export traffic, within nine months after delivery at the port of export), except that claims for failure to make delivery must be filed within nine months after a reasonable time for delivery has elapsed.

(c) Suits for loss, damage, injury or delay shall be instituted against any carrier no later than two years and one day from the day when written notice is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts of the claim specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provision, no carrier shall be liable, and such claims will not be paid.

(d) Any carrier or party liable for loss of or damage to any of said property shall have the full benefit of any insurance that may have been effected, upon or on account of said property, so far as this shall not avoid the policies or contracts of insurance. Provided, that the carrier receiving the benefit of such insurance will reimburse the claimant for the premium paid on the insurance policy or contract.

Sec. 4 (a) If the consignee refuses the shipment tendered for delivery by carrier or if carrier is unable to deliver the shipment, because of fault or mistake of the consignor or consignee, the carrier's liability shall then become that of a warehouseman. Carrier shall promptly attempt to provide notice, by telephonic or electronic communication as provided on the face of the bill of lading, if so indicated, to the shipper or the party, if any, designated to receive notice on this bill of lading. Storage charges, based on carrier's tariff, shall start no sooner than the next business day following the attempted notification. Storage may be, at the carrier's option, in any location that provides reasonable protection against loss or damage. The carrier may place the shipment in public storage at the owner's expense and without liability to the carrier.

(b) If the carrier does not receive disposition instructions within 48 hours of the time of carrier's attempted first notification, carrier will attempt to issue a second and final confirmed notification. Such notice shall advise that if carrier does not receive disposition instructions within 10 days of that notification, carrier may offer the shipment for sale at a public auction and the carrier has the right to offer the shipment for sale. The amount of sale will be applied to the carrier's invoice for transportation, storage and other lawful charges. The owner will be responsible for the balance of charges not covered by the sale of the goods. If there is a balance remaining after all charges and expenses are paid, such balance will be paid to the owner of the property sold hereunder, upon claim and proof of ownership.

(c) Where carrier has attempted to follow the procedures set forth in subsections 4(a) and (b) above and the procedure provided in this section is not possible, nothing in this section shall be construed to abridge the right of the carrier at its option to sell the property under such circumstances and in such manner as may be authorized by law. When perishable goods cannot be delivered and disposition is not given within a reasonable time, the carrier may dispose of property to the best advantage.

(d) Where a carrier is directed by consignee or consignor to unload or deliver property at a particular location where consignor, consignee, or the agent of either, is not regularly located, the risk after unloading or delivery shall not be that of the carrier.

Sec. 5. (a) In all cases not prohibited by law, where a lower value than the actual value of the said property has been stated in writing by the shipper or has been agreed upon in writing as the released value of the property as determined by the classification or tariffs upon which the rate is based, such lower value plus freight charges if paid shall be the maximum recoverable amount for loss or damage, whether or not such loss or damage occurs from negligence.

(b) No carrier hereunder will carry or be liable in any way for any documents, coin money, or for any articles of extraordinary value not specifically rated in the published classification or tariffs unless a special agreement to do so and stipulated value of the articles are endorsed on this bill of lading.

Sec. 6. Every party, whether principal or agent, who ships explosives or dangerous goods, without previous full written disclosure to the carrier of their nature, shall be liable for and indemnify the carrier against all loss or damage caused by such goods. Such goods may be warehoused at owner's risk and expense or destroyed without compensation.

Sec. 7. (a) The consignor or consignee shall be liable for the freight and other lawful charges accruing on the shipment as billed or corrected, except that collect shipments may move without recourse to the consignor when the consignor so stipulates by signature or endorsement in the space provided on the face of the bill of lading. Nevertheless, the consignor shall remain liable for transportation charges where there has been an erroneous determination of the freight charges assessed, based upon incomplete or incorrect information provided by the consignor.

(b) Notwithstanding the provision of subsection (a) above the consignee's liability for payment of additional charges that may be due after delivery shall be as specified by 49 U.S.C. §13706, except that the consignee need not provide the specified written notice to the delivering carrier if the consignee is a for-hire carrier.

(c) Nothing in this bill of lading shall limit the right of the carrier to require the prepayment or guarantee of the charges at the time of shipment or prior to delivery. If the description of articles or other information on this bill of lading is found to be incorrect or incomplete, the freight charges must be paid based upon the articles actually shipped.

Sec. 8 If this bill of lading is issued on the order of the shipper, or his agent, in exchange or in substitution for another bill of lading, the shipper's signature on the prior bill of lading or in connection with the prior bill of lading as to the statement of value or otherwise, or as to the election of common law or bill of lading, liability shall be considered a part of this bill of lading, as fully as if the same were written on or made in connection with this bill of lading.

Sec. 9. If all or any part of said property is carried by water over any part of said route, such water carriage shall be performed subject to the terms and provisions and limitations of liability specified by the "Carriage of Goods By Sea Act" and any other pertinent laws applicable to water carriers.

ARRIVAL NOTICE AND UNDELIVERED FREIGHT

ITEM 345

ARRIVAL NOTICE:

- (5) Bills-of-Lading issued by carrier are subject to the following:

 - (b) Drivers and other non-authorized personnel are not authorized to negotiate rates and terms of service, including alterations to the Bill-of-Lading and its terms and conditions.
 - (c) Bills-of-Lading other than the carrier's bill-of-lading, Uniform Straight Bill-of-Lading (as published in NMF 100 series), or shipper supplied Bill-of-Lading referring to classifications and tariffs applicable at the time of shipment, shall not be accepted. If carrier inadvertently accepts such Bill of Lading, the Bill of Lading shall serve the purpose of receipt for commodities and identification of delivery location only and shall not serve as a contract for carriage. The terms and conditions of the Uniform Straight Bill-of-Lading as published in NMF 100 series shall govern the movement of shipment.
 - (d) Shipments are prepaid unless otherwise marked. If neither "Prepaid" nor "Collect" is marked by consignor on the original BOL, shipment will be prepaid.
 - (e) The BOL contains Liability Limitation Election choices to allow consignor to request higher than standard levels of liability assumption by carrier in exchange for payment of an additional or higher than normal fee.

NOTE 1: Carriers are not obligated to furnish Bills-of-Lading containing information beyond that shown in the examples set forth in the NMFC.

NOTE 2: Consignors may elect to have printed their own Bills-of-Lading, in which case, all requirements of Paragraphs 1 and 2 of this item must be observed. These forms may also contain such information as: (1) identification or location of consignor or consignee; (2) commodity description; (3) rates or classes; or (4) other information pertinent to the shipment.

NOTE 3: On Bill-of-Lading furnished by carriers, freight bills and statements of charges issued by carriers, the Standard Carrier Alpha Code (SCAC) of the issuing carrier must be shown immediately adjacent to the carrier's named on the document heading. The SCAC designation must be printed in upper case boldface type.

NOTE 4: When as a prerequisite to payment, the shipper furnished copy of Bill-of-Lading is to be returned, it must be clearly and prominently marked by the shipper with the specific instructions directing its return with freight bill.

NOTE 5: The charges set forth in Paragraph 2 will not apply to:

- (a) Bank Payment Plans when documentations is limited to (1) deposit ticket(s) supplied by the bank; (2) supporting freight bills not in excess of the number set forth in Paragraph 1 or Note 3, the return of a copy of the Bill of Lading furnished by shipper.
- (b) Sight Draft Plans when documentation is limited to (1) sight drafts which do not require the carrier to provide information pertaining to the rating of the shipments(s) on the sight draft; (2) supporting freight bill(s) and statement(s) of charges not in excess of number set forth in Paragraph 1(c); (3) the return of a copy of the Bill-of-Lading furnished by shipper.

NOTE 6: The provisions of Paragraphs 1 and 2 will not apply to shipments moving on United States Government Bills of Lading.

NOTE 7: Shipments moving on Uniform Order Bills-of-Lading (Order Notify) will not be accepted. An "Order Notify" shipment is one where procedures include surrender of the original Bill-of-Lading before freight is released; usually associated with a shipment covered under a letter of credit. Order Notify shipments are relatively uncommon in today's LTL industry.

NOTE 8: When validation of Freight Bill is required as a prerequisite for payment of the freight charges and consignee fails to validate the Freight Bill at time of delivery thus requiring the carriers to resubmit the Freight Bill for validation, a charge of **\$13.00** will be assessed for that service, except on shipments moving on U.S. Government Bills-of-Lading.

NOTE 9: Corrected Bill-of-Lading to change the freight charge collection status from prepaid to collect will not be accepted once the shipment has been delivered.

NOTE 10: A Corrected Bill-of-Lading to change the original transportation contract from prepaid to collect will not be accepted if Section 7 (Non-Recourse Clause) of the corrected Bill-of-Lading has been signed by the consignor. **If the corrected Bill-of-Lading is inadvertently accepted and Section 7 has been signed, the signature will be considered invalid. The party requesting a change in the collection status will guarantee payment of the freight charges should the new debtor fail to pay within prescribed credit guidelines.**

BILLS OF LADING – CHANGE IN TERMS BY SHIPPER (CONSIGNOR)

ITEM 364

CHANGES TO SHIPMENT TERMS (PREPAID TO COLLECT OR VICE VERSA)

CORRECTED BILLS-OF-LADING – THIRD-PARTY SHIPMENTS – COLLECTION OF CHARGES

When a party other than the consignor or consignee is shown on the Bill-of-Lading and/or shipping order as the payor of the freight charges and such party is not a bank or freight payment plan, such party's name and address must be clearly shown in the body of the bill of lading and shipping order at the time of original tender. The consignor and consignee remain primarily liable for all freight charges.

PREPAID:

Shipments subject to the provisions of this item will be accepted only when the consignor and/or third party has established credit with the carrier and consignor guarantees to pay all lawfully accrued charges if the third party fails to do so within the time allowed under the credit regulations of the Surface Transportation Board. Shipments made subject to the provisions of this item must be billed as "prepaid".

ALL THIRD-PARTY SHIPMENTS:

When consignor or consignee instructs the carrier to bill the freight charges to a third party and such information is not shown on the bill of lading at the time of shipment, an additional charge of **\$20.00** will be assessed for a new billing in addition to all other applicable charges. The additional charges will be assessed against the party billed for the freight charges.

Note: Section 7 (the non-recourse clause) of the Bill-of-Lading contract cannot be executed on shipments subject to provisions of this item. If the Section 7 portion of the Bill-of-Lading is signed, the signature will be invalid. Carrier no longer accepts Section 7 provisions under any circumstances and Carrier's Bill-of-Lading no longer contains Section 7 language. In general, and to further clarify, if consignor uses a Bill-of-Lading other than Carrier's Bill-of-Lading and signs Section 7, the signature will be invalid.

NOTE 1: Shipments subject to the provisions of this item must be billed as 'prepaid'.

For example if consignor is quoted for one pallet, 5,000 pounds but actually ships two pallets 5,500 pounds, the rate quoted will be doubled (two pallets versus one produces the highest prorated charge) and shipment will be rated accordingly.
